Dear Parents,

February will be a busy month, filled with a variety of activities. The class will be reviewing **color recognition**. When your child brings home the *Color Book*, why not "read" it together? This will be one more book experience with your child.

"**Book Time**" is a very special activity in our classroom. We are discovering new book friends every week. As attention spans begin to increase, the enjoyment of books expands to include more than merely "reading" a story. The Gingerbread Boy comes to life this month through a delicious cooking adventure.

Valentine activities and projects will provide many valuable learning and fun experiences. Children bring Valentines to school on party day. We request that **NO NAMES** be put on the outside of the envelopes so the children can "deliver" their valentines themselves.

The children have a formal gym time. Make sure the **shoes** they are wearing allow them to gallop, hop, leap, jump, bounce balls, and play games. What fun while practicing skills!
