March 2017 Bulletin THREE YEAR OLD

Dear Parents,

The use of the school parachute is a fun "indoor" activity. This is one more way to use **gross motor and positional** skills. Numerous **concepts** are concretely reinforced as the children maneuver the parachute - high, low, up, down, in, out, on, off, top, bottom, under, over, fast and slow. Ask your child to tell you about the parachute.

Cutting Fun - We have begun to use scissors. How to hold scissors is very important. Ask them which fingers go in the holes and which finger holds on.

PARENT/TEACHER CONFERENCES will be scheduled later this month. Th/F class conferences will be scheduled Friday, March 17th. M/T class conferences will be scheduled Monday, March 20th. If you have a specific time request, please send a note right away.

Mrs. Pridemore Mrs. Wolken
