Dear Parents,

February is a busy and fun month at school. We have been learning to recognize numerals and we are beginning to connect the numeral with the quantity. The children can count napkins, forks, pennies, etc. at home. Encourage your child to look for letters or numbers they know when you are in the car or when you are reading. Be excited when your child "reads" something. Letters popping up this month are **F, V, H, L, Q** and the number 10.

The children are printing their first names (upper and lower case) at school. Praise any efforts they have made and help if they ask.

Valentines – A roster will be sent home with your child's classmates names. They should **print** the name of classmates on the envelope and their name on the back of each card. If your valentines don't have an envelope, please purchase **small envelopes** from the store. Valentines will take time to do a good job. Let them have a few days to work on their cards and envelopes.

The children have a formal gym time. Make sure the **shoes** they are wearing allow them to gallop, hop, leap, jump rope, bounce balls, and play games. What fun while practicing skills!

Mrs. Williams      Mrs. Pridemore      Mrs. Tenerowicz

**SPECIAL DAYS IN FEBRUARY:**

**Valentine Party** All four year old classes - Please send their valentines the day before the party and a large **PAPER or re-useable BAG** on their party day. **They will need the bag!**
